OBJECT OF THE GAME/GAME DESCRIPTION: It's rad! It's bad! TOOBIN' is so awesome, dude! Have a totally toobular time Toobin' on dozens of rivers. You can even cruise down Martian canals and prehistoric swamps. Go through gates, grab treasures and weapons, steer clear of obstacles and fight enemy dudes before they damage your toob. At the end of each river is a whirlpool that'll take you to another wet and wild ride! Keep your head above water and you'll have an excellent rippin' and rarin' time!

PROBLEMS? We recommend that you read this instruction booklet to learn and master the operation of this game. By doing so you'll have hours and hours of fun with your family and friends! Should you have any further problems or questions about playing this game or any of Tengen's games, please call a Tengen game counselor at (408) 433-3999 Monday through Friday from 8:30AM - 6:00PM Pacific Time.

PRECAUTIONS: 1. This is a high precision game. It should not be stored in places that are very hot or cold. Never hit or drop it. Do not take it apart. 2. Avoid touching the connectors, do not get them wet or dirty. Doing so may damage the game. 3. Do not clean with benzene, paint thinner, alcohol or other such solvents.

Note: In the interest of product improvement, specifications and design are subject to change without prior notice.

CONTROL FUNCTIONS

Toobin’ is for one or two dudes (or dudettes). You can be either Bif or Jet, the world’s baddest party animals on water. Plug your controllers into Ports 1 and 2.

Control Pad
Moves Bif or Jet
- Up
- Left
- Right
- Down

Controller

Controller 1
Controls Bif in 1- or 2-player games.

Controller 2
Controls Jet in 2-player games, or Bif in 1-player games.
THE SCREENS

Title Screen

When you first load the game cartridge, a Title Screen appears. Press Select or use the control pad up or down to choose between 1 or 2 player modes. Note: If you hang out here for a while, the Credit Screen appears. If that happens, you can press the Start Button to get back to the Title Screen, dude.

Press Start to start the game (like, it takes a real rocket scientist to figure that out!).

Transition Screen

After you go into the whirlpool at the end of a river, the Transition Screen appears. When you're ready to hit the waves again, press any button to start.

THE GAME

One Player: you're on your own, dude.

Two Players: you're Bil, and you take turns with Jet competing to win the game.

Special One-Player Mode

You can use both controllers to control Bil in One-Player Mode. This way, you and a friend can play at the same time. Like, maybe, one of you could control Bil's movement in the river while the other throws the cans. That way, Bil'll have one hand free for holding a cold one.
Pause

If you want to stop in the middle of a game, press the Start button. The game will stop and the screen will fade out and then fade back. Press the Start button again to keep on playin’.

Special Items to Pick Up

- Treasure chest: 200, 500 or 1000 points, dude.
- Floating can: pick it up to add to your stash (9’s the max you can have).
- Sixpack: looks like six cans, but you actually get more. You lose your sixpack when you sink or when you hit a whirlpool.
- Gates: go through them to increase the score multiplier. Miss one, and your score multiplier gets, like, totally wiped out.
- Beach ball: pumps you up.
- Patch: you need these to repair your toob.
- Letters: totally toobular things to have. You can get a new toob and 3 extra patches for three letters, and you can get a big bonus for all seven letters.
HINTS

According to Bif: Like, feel your way down those waves, dude, and use that awesome Control Pad. But stay away from those sharp things, you know, or throw cans at 'em to sink 'em. Oh, and like, pick up cans and things that look cool. Most of yer enemies think that cans are totally uncool, and they'll scare away or freeze when they get hit by one. I counted 33 different enemies, 9 obstacles and 49 rivers, but like, I never was too good at math, you know. So, like, don't sue me if I didn't count 'em right or somethin'. Anyway, when you see the cooler at the second party, if you're like, totally ecological, you'll get those big points. And you'll totally deserve them, dude, because class 9 is, like, really tough.

Jet's Motto: A patch in the hand is worth two of anything in the bush. Don't get spastic and wipe out if you miss something. Like, just keep cool, man.

TROUBLE-SHOOTING:
If the game-pak doesn't work the first time you try it, re-insert the cartridge 5 - 10 times to clean the contacts. Also, stay cool and try pushing the Reset button.

COMPLIANCE WITH FCC REGULATIONS

This equipment generates and uses radio frequency energy and if not installed
and used properly, that is, in strict accordance with the manufacturer's
instructions, may cause interference to radio and television reception. It has
been type tested and found to comply with the limits for a Class B computing
device, in accordance with the specifications in Subpart J of Part 15 of FCC
Rules, which are designed to provide reasonable protection against such
interference in a residential installation. However, there is no guarantee that
interference will not occur in a particular installation. If this equipment does
cause interference to radio or television reception, which can be determined
by turning the equipment off and on, the user is encouraged to try to correct
the interference by one or more of the following measures:

— Reorient the receiving antenna.
— Relocate the NES with respect to the receiver.
— Move the NES away from the receiver.
— Plug the NES into a different outlet so that computer and receiver are on
different circuits.

If necessary, the user should consult the dealer or an experienced radio-televi-
sion technician for additional suggestions. The user may find the following
booklet prepared by the Federal Communications Commission helpful:

How to Identify and Resolve Radio-TV Interference Problems
This booklet is available from the U.S. Government Printing Office,

TENGEN 90-DAY LIMITED WARRANTY

TENGEN warrants to the original purchaser of this software product that the
medium on which this computer program is recorded is free from defects in
material and workmanship for a period of ninety (90) days from date of pur-
chase. TENGEN agrees to either repair or replace at its option, free of charge,
any TENGEN software product. Before any returns are accepted you must call
our warranty department (408-367-9402) for a return authorization number.
You may then return the product postage paid, together with the return au-
thorization number, sales slip or similar proof of purchase.

THIS WARRANTY IS NOT APPLICABLE TO NORMAL WEAR AND TEAR. THIS
WARRANTY SHALL NOT BE APPLICABLE IF A DEFECT ARISES OUT OF
ABUSE, UNREASONABLE USE, MISTREATMENT OR NEGLECT OF THE
SOFTWARE PRODUCT. THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES.
WHETHER ORAL OR WRITTEN, EXPRESS OR IMPLIED. ANY IMPLIED WII-
RANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR
PURPOSE ARE HEREBY EXCLUDED. THIS WARRANTY IS LIMITED TO THE 90-
DAY PERIOD DESCRIBED ABOVE AND IN NO EVENT SHALL TENGEN BE
LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES RESULTING FROM
THE BREACH OF ANY EXPRESS OR IMPLIED WARRANTIES RELATING TO
THE SOFTWARE PRODUCT.

The provisions of this warranty are valid in the United States only. Some states
do not allow limitations on how long an implied warranty lasts or exclusion of
consequential or incidental damages, so the above limitations and exclusion
may not apply to you. This warranty gives you specific legal rights, and you
may also have other rights which vary from state to state.
